

SanDisk® USB EVERYWHERE

PLUG INTO MORE PLACES

with our new family
of USB flash drives

USB ports are popping up everywhere...

With more ports in more places,
I can plug in just about anywhere

SanDisk® Cruzer® USB Flash Drive

From USB ports on computers to new ports popping up on cars, DVD players, TVs, photo frames and more, you can easily store, transfer and share your stuff. It's the essential accessory, with password protection too.

- **Ideal for video**, so you can easily store, share and play your favorite video files
- **Personalize your drive** with U3™ functionality¹ for powerful and entertaining applications, like:
 - Big Fish Games™ gives you hours of interactive fun from more than 500 game developers
 - Veoh™ Web Player lets you download, watch and share internet videos offline, on any laptop or PC, directly from your U3-enabled SanDisk USB flash drive
- **Store, transfer and share** in 4GB, 8GB, 16GB and 32GB² capacities
- **Trust the minds behind flash memory** with a two-year limited³ warranty

At the touch of a button, I back up
my favorite photos, videos and more

SanDisk Ultra® Backup USB Flash Drive

Introducing the first USB flash drive with a backup button. No wires, no fuss. With up to 64GB² of storage, protecting your digital valuables is a breeze. Back up your stuff with the simple touch of a button and know that it's safe.

- **Go where you need to go** with this convenient, portable backup drive
- **Feel secure** with password protection and AES hardware encryption
- **Save away** with 8GB, 16GB, 32GB and 64GB² capacities
- **Trust the minds behind flash memory** with patent pending backup technology and a five-year limited³ warranty

This button's
got your back.

From family photos to
business contacts, back
up what matters most
at the touch of a button.

PROTECTING YOUR MOST VALUABLE FILES IS SIMPLER AND SAFER THAN EVER

THE FIRST USB FLASH DRIVE WITH A **BACKUP** BUTTON

With a professional edge,
I'm ready for anything

SanDisk Extreme® Contour™ USB Flash Drive

¹ U3 functionality is not supported under Linux or Mac OS (any version), but device is MSC.

² 1 gigabyte (GB) = 1 billion bytes. Some capacity not available for data storage.

³ Two-year warranty in regions not recognizing limited. Five-year warranty in regions not recognizing "limited". 30 years in Germany and other regions not recognizing lifetime limited.

⁴ Based on internal testing; performance may be lower depending upon host device. 1 megabyte (MB) = 1 million bytes.
